**Dr Trey Petty - Infection Prevention and Control in the New Century**

Whether you knew it or not, major changes have occurred in Infection Control in the past couple of years in Alberta. When was the last time your office updated their processes? Dr. Petty will go over the "new rules" of Infection Prevention and Control in Dentistry, as well as why the "old rules" still apply.

**Dr Gordon Chin - The Business of Dentistry From Startup to Retirement**

The business and financial side of a dental practice is explained from starting up a practice, office overhead, maintaining the practice to organizing a retirement plan according to your financial needs. This will be a very intensive session and will be beneficial to everyone in the office.

**Dr Ceyhan - Decision Making Process Required When Restoring Structurally Compromised Teeth**

This lecture will cover the decision making process that is required when restoring structurally compromised teeth. We will look at the biologic, functional and esthetic considerations when restoring these teeth as well as review the dental materials of choice in restoring them. We will also review the importance of ferrule, preparation design, post and core design and biologic width. Emphasis will be placed on using an interdisciplinary approach involving prosthodontics, periodontics and orthodontics.

**Darren Shanahan- Dentistry Financing**

In my role as your account manager, I will help you find the financial and investment solutions you need from the member companies under RBC Financial Group.

A career of 15 years in the financial services industry, which includes working at RBC Financial Group since 1991, has prepared me for this role. My professional experience is enhanced by post-secondary education, which includes a Diploma in Business Administration from the University of Regina. I am committed to continually building upon my expertise so that I can provide you with the most up-to-date tools and research the industry offers. I have also completed the Personal Financial Goal Counseling Diploma.

**Dr John Bogle - Effective Disinfection of Root Canal Systems**

## EVENTS

*The Calgary Dental Assistants would like to invite you to our*  
**Spring Seminar-CDAА Saturday April 24th, 2010**

The date is fast approaching and the excitement is building. Spread the word, invite everyone! This year's seminar is sure to be informative for all dental professionals from Receptionist to Dentists, please be sure to encourage your whole team to come out and enjoy the day. The new changes to Infection Prevention and Control are a hot topic and something everyone needs to be aware of in order to provide the safest care to patients. We would like to extend our sincere thanks to Greg Christensen and Danelle Fulawka of Henry Schein for co-sponsoring Dr. Trey Petty for our Spring Seminar.

Dr. Trey Petty has been involved in the development of new guidelines that will affect all offices. Dr. David French will share his experience and expertise in Dental Implant Procedures and update us on new advances. Dr. Kolbi Brost from Brost Chiropractic & Wellness Centre will present on Chiropractic Treatment for TMJ Disorder, as well as Posture and Self Awareness. You will also have a chance to shop and explore the exhibits and vendor tables during lunch; On-line registration is now available at [www.calgaryrda.ca](http://www.calgaryrda.ca) or mail in the registration form before March 20th to receive the early bird pricing.

We look forward to seeing everyone in April.

Wendy Caldwell, Education Chair  
Calgary Dental Assistants Association
