

CDDS December Meeting, Friday, December 10, 2010

8:00AM – 4:00PM Metropolitan Center,

333 4th Ave SW Calgary, AB

Dr. Ron Zokol, DMD

**Current Concepts In Oral Implantology
Better Patient Outcomes – Better Practice Incomes**

SYNOPSIS

This program will look at past and present trends in Oral Implantology with clinical examples as to their relevance and efficacy from both surgical and prosthetics perspectives. Future trends in surgical techniques as well as the influence of equipment technology will be discussed, and especially to their ability to manage the biologic basis of dental therapeutics.

BIOGRAPHICAL INFORMATION

Dr. Ron Zokol is the founder and director of the Pacific Implant Institute in Vancouver, Canada, an institute which trains restorative dentists to develop implant surgical skills and implement those skills in their practice. He has been teaching advanced restorative dentistry for more than 30 years, and has trained hundreds of dentists in Oral Implantology. As a “general” dentist himself, Dr. Zokol has developed a referral practice exclusive to Oral Implantology. His referral base includes prosthodontists, periodontists, oral surgeons, orthodontists, and general dentists.

Dr. Zokol received much of his restorative training while working with his father for 20 years, a Certified Specialist in Prosthodontics. He also served as a surgical instructor for the Misch Implant Institute for more than 10 years before founding the Pacific Implant Institute in 1996.

Dr. Zokol is board certified by the American Board of Oral Implantology. He holds Diplomate status with the American Board of Oral Implantology and the International Congress of Oral Implantologist. He also holds Fellowships with the American Academy of Implant Dentistry and the American College of Dentists. Dr. Zokol has chaired the General Examination Committee and functioned as a chief examiner for the College of Dental Surgeons of BC, and is a past president of the Vancouver and District Dental Society. Dr. Zokol is a faculty member at the University of British Columbia, Faculty of Dentistry, and is a member of the Dean’s Board of Counselors for the dental School.

As an internationally recognized authority in Oral Implantology, Dr. Zokol maintains a referral practice exclusive to Oral Implantology in Vancouver.

— EVENTS —

The CDDS announces that Drs. Bob Huff and Cliff Swanlund will be presenting a March 18/2011 mini lecture on ADA&C IPC standards and protocols. They will be presenting in conjunction with representatives from local suppliers, contractors, and millwork shops to provide a non-biased integration of IPC and the various construction possibilities available to meet IPC standards. In the near future the CDDS will be asking for members requiring an IPC renovation to enter their names in a draw for a free renovation plan. 2 or 3 renovation plans will be "worked up" and discussed at the mini lecture.

The **Ottawa Dental Society** would like to inform the Calgary and District Dental Society members of their **CE lectures for 2010-2011** as follows:

- **Friday, November 19th, 2010** -
Dr. Robert Convissar -
Incorporating Lasers into General Practice
- **Friday, January 28th, 2011** -
Dr. David Newkirk & Dr. Robert Pick -
The Perio-Restorative Connection:
"The Rules of the Game Have Changed!"
- **Friday, March 25th, 2011** - Anita Jupp -
100 Pearls of Wisdom

Please contact Claire D'Amour, Executive Secretary, Ottawa Dental Society, 105-1815 Alta Vista Drive, Ottawa, Ont, K1G 3Y6, 613-523-3876, if you would like more information on these courses. You may also wish to visit their website - www.ottawadentalsociety.org

**Questions or
Concerns???**
