

November, 2010

CDDS October Meeting, Friday, November 12, 2010

8:00AM – 4:00PM Metropolitan Center,

333 4th Ave SW Calgary, AB

Dr. Tim Donley, DDS, MSD

THE NEW PERIO MEDICINE PROTOCOL Better Patient Outcomes – Better Practice Incomes

COURSE DESCRIPTION

Significant numbers of patients are walking into our offices every day with legitimate periodontal treatment needs. There are now more than ever compelling reasons to address these needs. We have the technologies and abilities to address these needs better than ever before. As the economic screws start to tighten, the success of your practice is going to depend upon your ability to do two things:

- Give patients reasons to follow through with your treatment recommendations.
- Consistently deliver optimal results in a way that benefits your patients and practice.

This course will show you how to do both. You will learn what we can now say for sure about links between perio disease and heart disease, diabetes, pre-term low birth weight, arthritis, obesity etc. Then learn how to incorporate these findings into a risk based approach to periodontal diagnosis and treatment that will work in your practice. You will leave with knowledge and materials necessary to maximize the potential of your perio department. Attendees consistently rate this course as “excellent.”

BIOGRAPHICAL INFORMATION

Timothy Donley DDS MSD is currently in the private practice of Periodontics and Implantology in Bowling Green, KY. After graduating from the University of Notre Dame, Georgetown University School of Dentistry and completing a general practice residency, he practiced general dentistry. He then returned to Indiana University where he received his Masters Degree in Periodontics. Dr. Donley is the former editor of the Journal of the Kentucky Dental Association and is an adjunct professor of Periodontics at Western Kentucky University. He is a lecturer with the ADA Seminar Series. Dentistry Today recently listed him among its Leaders in Continuing Education. He lectures and publishes frequently on topics of interest to clinical dentists and hygienists.

— EVENTS —

The **CDDS** announces that **Drs. Bob Huff and Cliff Swanlund** will be presenting a March 18/2011 mini lecture on ADA&C IPC standards and protocols. They will be presenting in conjunction with representatives from local suppliers, contractors, and millwork shops to provide a non-biased integration of IPC and the various construction possibilities available to meet IPC standards. In the near future the CDDS will be asking for members requiring an IPC renovation to enter their names in a draw for a free renovation plan. 2 or 3 renovation plans will be "worked up" and discussed at the mini lecture.

Thank you

To all of our members for their generous donations to CUPS this year. Our members have given \$5250.00 to the Dental program at CUPS. A very special thank you to the CDDS member who gave us \$500.00 as his contribution to this program!!
