WORKING TOGETHER:

Effective Ways to Build Successful Teams

Dr. Jerry Teplitz

This fast-moving training program has two parts to it. The morning session will focus on ways to increase productivity and promote team building by helping you learn more about your own and your team's needs, work styles and how both fit into your organizations overall goals. You'll discover practical strategies that foster cooperation in the business environment and your personal life. You'll learn how people with different work styles can resolve incompatibilities and interact more effectively as a team. You'll have fun and learn useful skills at the same time!

The afternoon session begins by asking several questions. Have you ever had a negative and stressful day in your practice? How did you feel at the end of it? Tired, drained... Now, have you ever had a positive upbeat day at work? How did you feel at the end of it? Energized. Isn't there an increase in your productivity, effectiveness and improved team relationships on that positive day? You can have that outcome everyday! In the second part of this program, Dr. Teplitz will show you how to make every day that way through actual tools and techniques that will increase your energy level resulting in more productivity and creativity. These immediate, effective and easy methods can be applied to all aspects of your team relationships with all members of your practice.

Dr. Jerry V. Teplitz' background is as unique as the techniques and approaches he teaches. He is a graduate of Hunter College and Northwestern University School of Law. He practiced as an attorney for the Illinois Environmental Protection Agency.

At that point, Dr. Teplitz' career took a dramatic change of direction. He studied and received a Masters and Doctorate Degree in Wholistic Health Sciences. He was also on the faculty of the U.S. Chamber of Commerce Institute for Organization Management for nine years.

Dr. Teplitz has been President of his consulting firm and as a professional speaker, he has spoken at over 1700 meetings and to over one million people. He conducts seminars in the areas of leadership, management, stress management, employee productivity and sales development.

The list of clients Dr. Teplitz has spoken and consulted for includes such organizations as the American Association of Orthodontists, Greater New York, New Hampshire, Vermont State and Virginia Dental Societies. In addition he has spoken to Century 21, Holiday Inns, International Management Council, Young Presidents' Organization, Associated General Contractors, GlaxoSmithKline, American Bankers Association, plus over four hundred colleges and universities across the United States and Canada.

Jerry is the co-author with Dr. Tony Alessandra of a #1 Best Seller on Amazon - Switched-On Selling: Balance Your Brain For Sales Success. Other books he has authored include Managing Your Stress In Difficult Times: Succeeding in Times of Change and Brain Gym for Business. His latest book is Switched-On Networking: Balance Your Brain for Networking Success with Networker Guru Donna Fisher. Articles on Jerry have appeared in such publications as Successful Meetings, Prevention, and Travel & Leisure Golf Magazine. He has also been listed in several editions of Who's Who in America and now hosts an internet radio show called Healthy Alternatives.

Jerry is one of only 600 speakers world-wide who has earned the title Certified Speaking Professional from the National Speakers Association. Finally, he has been selected by the PCMA as a "Best-In Class" speaker and by the CSAE as an Association Excellence Speaker based on the quality and impact of his presentations.

— NOTICES and EVENTS—

Calgary and District Dental Society Curling Contingent Conquers Osoyoos

The team of Dr. Neville Headley, Jackie Brett, Laurie Brandsma and Coralee Lotzer traveled to BC wine country, in mid August, to curl in the 35th Annual Osoyoos International Mixed Bonspiel.

They finished with a record of 2/2 in the beer event (oops B event) but won back their registration for next year. The weather was hot, but the hospitality was even warmer. Along with curling they enjoyed golfing, swimming, horse races, sun tanning, shuffleboard, card games, dancing and of course wine tasting.

With this event Coralee (a graduate of the complimentary curling clinic) completes her first year of curling. New and newer curlers are welcome to attend the Calgary District Dental Society free (**LEARN HOW TO CURL**) clinic on Monday, October 6, 2014 (4:30-6:30pm) at the Calgary Curling Club on Memorial Drive. You will learn "how to curl, safely, to an above average level, in less than 90 minutes!" **CURLING ROCKS!**

It's a four season sport, so "Come Play in Our House".

Contact Dr. Neville Headley @ 403-880-3138 for more information.
