Long Term Peri-Implant Maintenance

Dr. Anastasia Cholakis

The majority of dental offices provide regular peri-implant maintenance therapy to their patients. As implant treatment is becoming more common it is anticipated that the number of patients requiring peri-implant maintenance will also increase.

This presentation will review the current research on peri-implant maintenance, as well as the etiology and treatment of the most common biological complications such as fungal infections, soft tissue hyperplasia, peri-implant mucositis, and peri-implantitis encountered in dental offices. Preventive steps will be discussed as well as practical screening tools for the dental practitioner maintaining dental implants. In this comprehensive overview participants should:

1. Understand the current literature on peri-implant maintenance
2. Diagnose the most common long term peri-implant complications
3. Be aware of the various treatment options of the most common peri-implant complications

ATTENTION ALL CURLERS - NEW & BEGINNER

This past March Calgary was the proud host city for the 2017 Western Canada Dental Society Bonspiel. In 2018 the Bonspiel will celebrate its 50th Anniversary in Regina (21 to 24 March). Now is the time to LEARN TO CURL, SAFELY, TO AN ABOVE AVERAGE LEVEL, IN LESS THAN 90 MINUTES, so that you can be an enthusiastic and confident participant in this very special event. Although curling is a fantastic spectator sport, it is inexpensive, not time consuming, and an easy sport to learn. I guarantee it by offering complimentary lessons during nine of the twelve months of the year (you can only play golf 7/12 months, if you're lucky). Our Calgary District Dental League begins 02 October 2017, so why not get a Headley start and LEARN TO CURL, SAFELY, TO AN ABOVE AVERAGE LEVEL, IN LESS THAN 90 MINUTES throughout the month of September. I promise you will be "Regular Season Ready" by October, just like our 2017 Scholarship winners in the enclosed photo. Furthermore, all new curlers will be eligible to win a flight, accommodations, and free registration package for the 51st Annual Bonspiel, in British Columbia. This year's Regina prize bundle was valued at \$3400. Call Dr. Neville Headley for this opportunity of a lifetime, at 403-880-3138. If your breathing, then you can learn to curl!
