## Calgary & District Dental Society 2018/2019 Lecture Series

Metropolitan Centre 333 4th Ave  
SW, Calgary, AB

Friday, February 22, 2019

Registration starts at 7:45am Seminar time 8:30am– 4:00pm

### "Sleep & Airway Management in a Dental Clinic"

**Dr. Shouresh Charkhandeh**

In today's society people are continually looking for new ways to improve their quality of life and sense of well-being. Sleep is an essential component of health. It plays a vital role in physical and mental health. Sleep awareness is rising, so as the prevalence of Sleep Disorders.

Unfortunately majority of patients with Sleep disorders remain undiagnosed. Dentists can have an instrumental role in helping patients achieve a better quality of life, by recognizing and addressing sleep and airway disorders.

This program will provide an overview of:

"Why" dental clinics should have a comprehensive understanding of sleep & airway disorders, and educate their patients

"How" to implement a sleep and airway management program in a dental clinic

"What" is involved in helping patients with sleep disorders

It will review; Normal Sleep Architecture, Sleep Disorders and in particular Obstructive Sleep Apnea (OSA), OSA's pathophysiology, pathogenesis and adverse health consequences, available treatment options and a simple guide to Oral Appliance therapy. It will also provide a practical step-by-step

approach to implementing a Sleep and Airway Management program in a dental clinic, with easy to

implement systems and clinical tools.
