

ENDODONTICS

haas

SPEAKER: DR. MANOR HASS

Course Description:

This workshop is tailored for novice and experienced general dentists. Under close supervision by Manor and on acrylic and extracted teeth, participants will learn, how to locate and negotiate canals (including curved and calcified), instruments, and obturate more efficiently and safely. There will also be exercises on safe and effective intra-canal irrigation. Practical tips and tricks will be demonstrated.

At the completion of this course, participants will be able to:

- Learn to locate and instrument calcified and curved canals with small hands and new generation NiTi files.
- Learn how to predictably obturate root canal systems (not just canals).
- Learn how to safely and effectively perform intra-canal irrigation, activation and debridement.
- Learn of protocols needed for single visit endo, intra-canal irrigation and simplified warm obturation.
- Learn clinical tips on how to instrument posterior teeth and how to manage patients with limited mouth openings.

NOTE: Participants will need to bring at least three previously accessed teeth stored in bleach.

Featured Speaker:

Dr. Manor Haas
DDS, Cert. Endo., MSc.(D), FRCD(C)

Dr. Manor Haas has been a certified specialist in endodontics since 2002 and is extensively involved in continuing education. He is on staff at the University of Toronto's Department of Endodontics and the Hospital for Sick Children Department of Dentistry. He also maintains a full-time private practice limited to endodontics and microsurgery in Toronto, Canada. Manor is a regular contributor to dental magazines and websites and has lectured internationally on nearly all aspects of endodontics. More recently, he has become an avid user and proponent of dental social media as a means to educate the dental community. He goes by his Instagram hashtag "TheDentalPlumber".

Speaker Disclosure: Speaker is being compensated by Dentsply Sirona for this event, but does not have monetary or other interest(s) with Dentsply Sirona or any other company whose products are discussed or presented in this presentation.
