### Dr. Asgeir Sigurdsson

## "The Diagnosis, Emergency Treatment and Endodontic Considerations of Dental Trauma"

#### Course Description

The first part of the lecture will give a detailed description of diagnostic procedures to assess oral and dental trauma. Necessary radiographic, facio-skeletal and oral evaluations will be explored and discussed with the support of actual cases. A good understanding of the diagnosis and emergency treatment of common dental injuries can differentiate between saving a tooth or losing it to late complications.

The second part will focus on the newly published treatment guidelines for fractured crowns and roots, luxations, and avulsions with an emphasis on the best immediate emergency response.

## MEMBER'S NOTICES

(Notices are No Charge to CDDS Members, but there is a 2 month max. limit per Ad.)

An experienced semi retired dentist available for locum starting in the beginning of 2024.

Privately owned brand new practice seeking second associate to join our team this fall! 9 loaded ops incl surgical suite. Rapidly growing area near Taza Costco. Potential for future partnership for right person.

Email in confidence:  
cblaney@buffalorundental.com

Part-time associate needed for busy, modern, privately owned, NE dental clinic to join our growing team. Our clinic is team-oriented, and we encourage learning, in a positive environment, and strive for excellence while providing the best client care possible. This position has great earning potential, a solid patient base, and mentorship opportunities. The clinic has over 50 new patients in addition to emergency examinations per month. This is a perfect opportunity for a new grad or experienced dentist. Our office has an in-office Orthodontist and TMJ specialist on-site, leading to a well-rounded patient base with several in-house dental referrals. The clinic is fully digital and has a 3D CBCT scanner, Itero, digital X-rays. Proficiency in Hindi and Punjab is an asset. Please send your resume to  
120smiles4you@gmail.com
